

NEW CALCIUM DELIVERY SYSTEM

## XDCAL soft gel capsule

Calcitriol 0.25 mcg + Calcium Citrate Malate 500 mg

Elemental Zinc 7.5mg + Elemental Magnesium 50mg

- ✓ Calcium Citrate Malate is the calcium salt of citric acid and malic acid.
- ✓ Most Bio-available calcium
- ✓ Water Soluble

### Indicated For:

- Pregnancy and Adolescents
- Post-Menopausal Women
- Elderly
- Adjuvant to Osteoporosis, Osteomalacia & Fractures
- Other Calcium deficiency states

### Absorption:

- ✓ Calcium Citrate Malate is created when the chelating agent Malic acid is added to Calcium Citrate, a compound is created that is **10 times** more soluble than Calcium Citrate itself.
- ✓ In elderly people, when stomach acid is weak the need for a soluble form of calcium can become critical.

### Menopausal Women:

- ✓ Supplementation with Calcium Citrate Malate is more effective than supplementation with calcium carbonate.

[N Engl J Med.](#) 1990 Sep 27; 323(13):878-83.

### Bone Density:

- ✓ Supplementation with Calcium Citrate Malate resulted in significant increases in total body and spinal bone density in adolescent girls which may provide protection against Osteoporotic fracture.
